WAR NEWS DOES NOT COME

WILD RUMORS ARISE AND WILL NOT DOWN.

WAR OFFICE KEEPS SILENT

ROBERTS CABLES SITUATION IS UNCHANGED.

London, Feb. 6.—This hoping, fearing, doubting nation remains at the mercy of every wild rumor. The impression that General Buller's forces are fighting will not die out, in spite of the continuous asservations of the war office that it has no news to confirm that belief.

From Cape Town, under today's date, comes the statement that up to this morning nothing had been received there regarding General Buller's recrossing the Tugela river, while Field Marshal Lord Roberts, in a dispatch dated Monday, Feb. 5, reports no change in the situation. In view of the latter's dispatches, it seems hard to credit the circumstantial reports of the engagement of General Buller's troops.

The common sense now almost inclines towards the decision that these are due to the wish being the author of thought.

Supposition upon such a basis is utterly futile. The complete silence from the front and at home may be significant, as the wiseacres aver, but it more probably represents that period of preparation which precedes an important movement.

In other parts than the Tugela the conditions of information are scarcely more satisfactory. There is an inconclusive vagueness regarding General French's reported intention to go to Norval's pont with an overwhelming force of infantry. While the news of sharp fighting in the neighborhood of Colesberg can fairly be expected within a few days, it is not likely that it will assume greater proportions than reconnoissances and skirmishes for the purpose of holding the advanced position of the forthcoming main advance by way of Bloemfontein.

General French is strategetically prohibited from running any serious risk.

Lord Roberts' reply to Presidents Kruger and Steyn creates an excellent impression here.

From Kimberley and Mafeking there is nothing new, so it can be presumed that the intermittent bombardment of those places continues.

HAY REACHES PRETORIA.

Pretoria, Monday, Feb. 5.—Adelbert S. Hay, the new United States consul here, was received by the Transvaal government today and presented his credentials. He created an excellent impression.

CONFIDENCE INCREASES.

New York, Feb. 6.—While London had received not one word of news from Natal and no direct war news from Cape Colony, the feeling of confidence continues and grows stronger. No one seems to doubt that General Buller is making a third attempt to relieve Ladysmith. So sure does the public seem that their arms will in the end triumph that even if General Buller were gain unsuccessful there would be no such outcry as followed his previous failures, for any heavy loss inflicted on the Boers is a decided British gain.

The tide of British opinion turned with the report from Spearman's Camp that General Joubert had only 10,000 men between Buller's army and Ladysmith, and the statement by Mr. Wyndham that the British would soon have 213,000 troops in South Africa.

General Buller has been heavily reinforced with men and guns; additional regiments have been sent to the forces operating in Cape Colony, and 13,000 men are about to sail from England for the Cape.

MUST WIN BY WEIGHT.

It is realized that the English must win by sheer force of overwhelming numbers, if not by superior fighting capacity.

Lately the German military critics have not had much to say about the peril of the British army. Dr. Leyds is still being feted in Berlin, but the center of anti-British feeling seems to have moved to Paris, the British ambassador having left the city owing to the hostility of the French press and people.

The London morning papers devote much more space to speculation on the impending campaign in Cape Colony than to General Buller's operations. The military expert of the Morning Leader says:

"There is now news to show that General Buller has not carried out the intentions which we know he entertained on Friday morning. The orders issued then contemplated the impossibility of delay. Nothing is certain now that the Boers at Colesberg have been so masked that they cannot well take part in any general operations, but must fight or surrender."

THINK TIDE HAS TURNED.

The Morning Post's military expert says:

"The tide is beginning to turn in the western theater of war. A telegram, dated yesterday afternoon, announces from Naauwpoort that an overwhelming force if infantry has been sent to seize Norval's pont and that the Boers at Colesberg are virtually surrounded.

"This looks as though General French had been reinforced, perhaps by General Chermiside's brigade, and now felt able to not only to complete the investment of the Boer force at Colesberg, but also to attempt to seize and hold the passage of the river at Norval's pont, where the railway crosses the stream. It is the most likely point at which to stop the march of reinforcements for the Boers or the retreat of any who may be able to escape from Colesberg.

"The reinforcement of General French is the beginning of a systematic direction of the campaign. As soon as he is strong enough General French will complete the circuit around the Boer force and then close in on it. To the southeast of General French, General Kelly-Kenny is moving along the railway by Steynsburg towards Stormberg.

"He thus presses on the right of the Boer force, which Sir Williams Gatacre is observing from the south. There is now a prospect that in two or three weeks the British forces will be holding the passages of the Orange river and collecting all requisites for an advance northward."

REDMOND IS CHAIRMAN.

London, Feb. 6.—John Redmond, the Parnellite leader, member of parliament for Waterford City, was unanimously elected chairman of the united Irish nationalist party at a meeting held in a committee room of the house of commons today.

BIG CROWDS AT THE CAPITAL

INDIANAPOLIS HONORS THE MEMORY OF LAWTON.

Remains Lie in State in the State House—Thousands There from Outside the City.

Indianapolis, Ind., Feb. 6.—The body of Gen. Henry W. Lawton, which arrived in this city from Fort Wayne last night, was transferred to the state capitol at 11:30 today, where it lay in state this afternoon.

The day dawned gloomy and lowering, but this did not prevent great crowds from lining the streets from the station to the capitol grounds.

The military and civic bodies of the state made up the greater part of the procession.

The capitol was elaborately decorated in honor of the dead soldier of Indiana, and from the time the coffin was placed on the catafalque in the great rotunda until the doors were closed the stream of people was unbroken. Excursion trains brought thousands of people from over the state and business was suspended during a portion of the day.

The schools were dismissed early, so that the children might join in the last tribute of respect.

The south and east entrances to the statehouse were wreathed with flags, blended with crepe. At the east entrance were two brass cannons, relics of the civil war. A guard of honor was stationed near the coffin.

The funeral party will leave for Washington tomorrow morning.

CHARTER NEXT WEEK.

B. J. Ellert is in receipt of a letter from Adjutant General W. G. Lillie informing him that the application for a charter for H. W. Lawton camp, No. 8, Spanish-American War Veterans, had been favorably acted upon and that the papers would be forwarded early next week. The adjutant general also sent copies of the constitution and by-laws of the association, together with a picture of the badge adopted for the association. It is a pendant, similar in general make-up to the badge of the G. A. R.

PEACE IS IN SIGHT

KENTUCKY MIXUP IS NEAR A SETTLEMENT.

A COMPROMISE IS REACHED

TAYLOR MAY SURRENDER HIS OFFICIAL SEAT.

MAY REPEAL THE GOEBEL LAW

REPUBLICAN LEGISLATORS IN LONDON.

Frankfort, Ky., Feb. 6.—The news of the agreement reached last night in Louisville was received with great relief in Frankfort. The strain of the last ten days has been very great and any lessening of tension was most welcome to the members of both parties. Not a single member of the legislature, democrat or republican, is in the city, and none is expected before late in the afternoon or tomorrow.

Governor Taylor refused to discuss the agreement until it had been brought to him. He said it was neither right nor courteous for him to do so.

He, however, made the assertion that if the Goebel law was repealed and an election law given to the people of Kentucky which would insure a fair and honest count of the votes as cast, he would allow no personal ambition of his own to stand in the way of a peaceful adjustment of the troubles.

It was 10:30 o'clock before Judge Yost and Mr. Sweeney, the republican attorneys arrived from Louisville, Gen. Daniel Lindsay, of Louisville, being with them.

They had the agreement and carried it at once to Governor Taylor's office and the door was locked upon all outsiders.

It is general believed that Governor Taylor will accept the agreement, although he has as yet given no positive assurance that he will do so.

At 11:30 o'clock Governor Taylor stated that he would make no public statement regarding his attitude toward the resolution of the Louisville conference before tomorrow.

"A legal proposition has been submitted to me," he said, "and I wish time to consider it. I shall have nothing to say before tomorrow. It is possible that I may reach a conclusion late this afternoon, but it is very doubtful if I do so. I wish to consult with my lawyers at some length before saying anything or taking any action."

More than this regarding his intentions the governor would not say.

TAYLOR WANTS TIME.

Governor Taylor was closeted for a long time with Gen. Dan Lindsay, L. Edelen and T. H. Baker, of Louisville, and finally told the gentlemen that he wished time to consider and would let them know when he had reached a decision. Mr. Baker, after leaving the conference, was asked his opinion of the probable result and replied:

"I hope and believe that everything will be settled peaceably."

The others expressed similar opinions, although all of them stated that they were giving personal opinions and not speaking in any sense for Governor Taylor.

COMPROMISE EFFECTED.

Louisville, Ky., Feb. 6.—The peace conference held at the Galt house last night between seven representatives of the republican party and seven representatives of the democratic party resulted in the unanimous signing of an agreement embodying seven specific propositions, which promise a settlement of the party differences which have brought about two state governments in Kentucky.

THE AGREEMENT.

This agreement is in substance as follows:

1. That if the general assembly in joint session shall adopt a resolution ratifying the recent action adopting the contest reports seating Goebel and Beckham, the contestees, W. S. Taylor and John Marshall, shall submit without further protest.

2. That all parties shall unite in an effort to bring about such modification of the election laws as will provide for non-partisan election boards and insure free and fair elections.

3. That the conditions shall remain in statu quo until Monday, the general assembly meeting and adjourning from day to day until that time.

4. That nothing shall be done to hinder or prevent a joint session of the general assembly for taking action on the ratification resolution.

5. That the state contest board shall meet and adjourn from day to day until Tuesday without taking any action on the contests for minor state offices. This postponement is suggested in order that the action of the general assembly on the ratification resolution may be taken first.

6. That the state troops shall be removed from the state capital at once, though with all necessary precaution for the public safety. This matter is to be under the direction of Gen. Dan Lindsay, of Frankfort.

7. That the republican officials and officers of the state guard shall have immunity from charges of treason, usurpation, court martial or any such offenses.

THE SIGNATURES.

The agreement was signed by the following:

Republicans—John Marshall, Judge John W. Barr, Gen. Dan Lindsay, T. L. Edelen, Dr. T. H. Banter, David W. Fairleigh, C. T. Ballard.

Democrats—J. C. S. Blackburn, J. C. W. Beckham, Sam Shackelford, Ury Woodson, James B. McCreary, Phil Thompson, Robert J. Breckinridge.

The agreement in full was not given out last night, as it was desired first to submit it to Governor Taylor for his signature.

It was stated by the republicans present that Governor Taylor would agree to anything that all of them signed.

It was stated in the conference that the London session of the general assembly would be called off at once. The conference began at 5 o'clock yesterday afternoon at the Galt house and lasted until 2:30 o'clock this morning, when a typewriter was sent for and the agreement was prepared and signed.

TWO GOVERNORS.

Until Monday, while the situation is in statu quo, Governor Taylor will remain in possession of the executive buildings, while the republicans will recognize him, and the democrats will recognize Governor Beckham as governor.

After the conference Governor Beckham at once took a train for Frankfort. Senator Blackburn and ex-Governor McCreary remained in Louisville over night.

The course of events in the immediate future depends largely upon Governor Taylor. An important influence in shaping the republican policy has been, it is believed, the lack of support from the national administration for the course pursued by Governor Taylor since he assumed office.

MET IN LONDON.

London, Ky., Feb. 6.—Seven republican representatives and one republican senator arrived on the early morning train today, making thirty-four representatives and ten senators in London, all republicans but Senator Hayes, who is a Brown democrat.

Lieutenant Governor Marshall was expected to arrive, but he has telegraphed from Louisville that he will not be here today. With the exception of the one company of Barbourville guards, the legislators and newspaper men are the only strangers here.

Two more senators arrived later, making the total number of members up to noon forty-six.

SOME RESOLUTIONS.

The house committee on resolutions got together this morning and drafted new resolutions in respect to Governor Goebel's death for introduction in the legislature today, as follows:

"Whereas, William Goebel, a member of the senate of the commonwealth of Kentucky, died on the 3d day of February, his death being caused by a wound inflicted at the hands of an unknown assassin; therefore, be it

"Resolved, By the house of representatives of the commonwealth of Kentucky:

"1. That we regard this crime as an outrage upon humanity and the fair name of Kentucky.

"2. That we deeply sympathize with the relatives and friends of the deceased in their time of bereavement.

"3. That as a mark of respect to his memory, this house shall now stand adjourned until 12 o'clock noon, Wednesday, Feb. 7, 1900, and that these resolutions be spread in the journal."

THE HOUSE MEETS.

The house of representatives convened at 12:05 o'clock on the ground floor of the Laurel county seminary. Representative Slack called the house to order and Rev. Well, of the London Christian church, offered prayer. Owing to the fact that Speaker Trimble was not present, nominations for speaker pro tem was in order. Rep-

IT IS JUDGE TAFT.

WILL BE HEAD OF PHILIPPINE COMMISSION.

IS NAMED BY THE PRESIDENT

HE IS A WELL KNOWN FEDERAL JURIST.

SENATE DISCUSSES FINANCE

AMENDMENTS OFFERED TO THE CURRENCY BILL.

Washington, Feb. 6.—The president today appointed Judge Wm. H. Taft, of Cincinnati and United States judge of the Sixth judicial circuit, to be president of the new Philippine commission. Judge Taft's place on the bench will be filled by the appointment of Judge Henry F. Severens, of Grand Rapids, Mich.

These announcements were made at the close of the cabinet meeting today. Judge Taft has been in Washington several days, presumably coming at the request of the president. This morning he called at the white house a little before 10 o'clock, in company with Judge Wm. R. Day, former secretary of state, and later president of the Paris peace commission. They remained with the president until the cabinet met at 11 o'clock and joined him again after the cabinet had adjourned. On leaving the white house Judge Taft stated that the commission of which he had been appointed president would sail for the Philippines soon after March 15, and its special mission would be the establishment of a civil government for the islands.

Further than that he was not at liberty to speak. It is understood that the others of the commission will be designated within a short time and that the special instructions which will guide them in the discharge of their duties will be prepared at as early a date as possible.

The appointment of this commission is carrying out the suggestions of the present Philippine commission, which will shortly go out of existence. Some of the members of the old commission, it is said, will be appointed on the new one.

IN THE SENATE.

Washington, Feb. 6.—In the senate today Mr. Aldrich, chairman of the finance committee, offered an amendment to the pending financial bill, providing that nothing in the bill shall obstruct the efforts to secure international bimetallism with the concurrence of the leading nations of the world.

Mr. Pettus, of Alabama, offered an amendment to the financial bill providing that the bill shall not be construed to affect the present legal tender quality of silver dollars coined by the United States.

To the same bill Mr. Chandler proposed an amendment providing that the gold dollar of 23.5 grains and the silver dollar of 412½ grains shall be the unit of value, and that all forms of money issued and coined by the United States shall be maintained at the parity of value; and the United States notes and treasury notes when presented at the treasury for redemption shall be redeemed in gold or silver coin of such standard.

Mr. Jones, of Arkansas, gave notice of an amendment to the same bill providing for "an emergency fund" of $50,000,000 in treasury notes.

A joint resolution authorizing the president to appoint one woman commissioner to represent the United States and the national society of the Daughters of the American Revolution at the unveiling of the statue of Lafayette at the exposition at Paris was passed.

Bills were passed as follows: To authorize the construction of a bridge across the Red River of the North at Dayton, N. D., and to erect a public building at Selma, Ala., at a cost of $100,000.

Mr. Caffery then resumed his speech on the Philippine question.

Mr. Caffery paid a tribute to Senator Hoar, whom he characterized as a worthy successor of Webster and Sumner. He said that we must establish peace in the Philippines and see that some kind of a government is established there. When that is done "we should let them go their way and not innoculate our citizenship with the poison of theirs." At the conclusion of Mr. Caffery's speech a bill increasing the limit of cost of the public building at Salt Lake City to $500,000 was passed.

Mr. Butler, of North Carolina, then spoke on the proposed suffrage amendment to the North Carolina legislation.

IN THE HOUSE.

Washington, Feb. 6.—At the opening of the session of the house today the speaker laid before it an invitation to congress from Secretary Root to attend the funeral services over the remains of the late General Lawton at the Church of the Covenant Friday afternoon.

The final conference report on the urgency deficiency bill was agreed to.

The debate upon the diplomatic and consular appropriation bill was resumed under an agreement to close general debate at 5 o'clock today.

Mr. Gibson, of Tennessee, opened the debate today with a general argument in favor of expansion, reviewing the acquisition of territory from the foundation of the government to show that expansion had been a national policy since its inception.

NEW SECTION TO MONEY BILL.

Washington, Feb. 6.—The senate finance committee today reported a new section to the financial bill, as follows: "That the provisions of this act are not intended to place any obstacles in the way of the accomplishment of international bimetallism, provided the same be received by concurrent action of the leading commercial nations of the world, and at a ratio which shall insure permanence of relative value between gold and silver."

WAS POLITICS IN THE VISIT

OF STATE OFFICERS TO FORT WAYNE MONDAY.

They Discussed the Congressional Situation With Local Republicans.

There was considerable political significance in the visit of Chairman Hernley, Attorney General Taylor, Auditor Hart, Secretary of State Hunt and Treasurer Levy to this city, other than that seen on the face of the meeting held by the Soldiers' Sons' and Citizens' club. Before leaving Indianapolis the Indianapolis Press says that one of the state officers dropped a hint that there "was a hen on" in the congressional situation in the Twelfth district, and that a meeting bearing on the selection of a candidate to make the contest against Hon. James M. Robinson was to be held while the state politicians were in this city. There was considerable truth in this hint as matters have developed, but it appears that no agreement was reached. Attorney R. B. Hanna, who has considerable backing and can have the republican congressional nomination if he wants it, was in consultation with Chairman Hernley and some of the other visitors several times Monday. The race against Mr. Robinson is admitted to be a losing one for a republican, and as there is much expense with no recompense to the loser, Fort Wayne republicans believe that the state committee should furnish the funds for Mr. Hanna to make the race, on the grounds, as they state it, that he will add much strength to the state ticket in this district. Mr. Hernley could see the point easily enough, but wouldn't promise to foot all the bills. He said, of course, that he expected to put some money in the Twelfth district, but was not prepared to state that it would be any great sum. He has the matter under consideration, and as he intends to spend several days in the smaller counties in the Twelfth district, believes that he can better decide after he has talked with all republicans who are acquainted with the situation. It was generally supposed that Mr. Hanna's candidacy for congress would be announced immediately after Mr. Hernley's visit, but the chairman's reluctance to yield up too much funds in a fight he believes to be a forlorn one has delayed the announcement, and in the meantime other republicans who would simply like the honor of being nominated may shy their castors into the republican political ring. It is believed, however, that Mr. Hernley will ultimately agree to furnish money in the hopes to at least get a few additional votes for the state and county tickets. He doesn't hope to defeat Allen county and Twelfth district candidates, but believes the democratic majorities can be kept down. In this he is certain to be disappointed.

THE DEFENSE RESTS.

New York, Feb. 6.—At the opening of the proceedings in the Molineux trial today the defense announced that they rested their case upon the evidence submitted by the prosecution.

A REBEL ATTACK.

MORE INSURRECTION IN THE PHILIPPINES.

SOME FIGHTING NEAR NIAC

FORTY-FIRST INFANTRY HAS SOME LOSSES.

ANOTHER BATTLE REPORTED

NO PARTICULARS HAVE BEEN RECEIVED.

Manila, Feb. 6.—1:15 p. m.—The insurgents attacked the first battalion of the Forty-fifth infantry near Niac. A major and a captain were wounded and one sergeant killed, but details of the engagements are lacking.

Ship arriving from Legaspie report that Insurgent General Panae concentrated a large force about the top of the town and made a sharp night attack on Major Shipton's battalion of the Forty-seventh infantry, which occupied a large convent as a fort.

One battalion and a battery has sailed as reinforcements for Shipton.

The casualties are unknown. A corporal and four men while patrolling the railroad near Mabalacat recently disappeared and are supposed to have been captured.

A searching party looking for them was ambushed and a corporal killed.

INDIANA LEAGUE ORGANIZED.

Muncie, Ind., Feb. 6.—At a meeting in Marion Sunday the Indiana Base Ball league was organized, with six clubs in the circuit—Muncie, Anderson, Kokomo, Logansport, Wabash and Marion. E. E. Hill, of Kokomo, was elected president, and John S. Ray, who will manage the Logansport team, was chosen secretary of the league. A salary limit of $800 was fixed, and each club deposited $100 as a guarantee that it would observe the rules of the organization and that it would finish the season. Failure to observe this agreement will result in the division of the forfeited money among the remaining clubs. A guarantee of $25 a game, rain or shine, was agreed upon, and three games adopted as a series. F. L. Wachtell, of Muncie, a son-in-law of Chief of Police Deitsch, of Cincinnati, will manage the local team. He was interested in the club last season, and lost money, as did the other stockholders of the Indiana-Illinois league. The construction of numerous electric inter-urban railways since then will greatly reduce traveling expenses, and it is believed the newly organized league will be a success financially. Jap Poor, of Muncie, who was with Wabash last year, will have the Anderson franchise. Frank Brosier will manage Marion; Hill, Kokomo; Milo Meredith, Wabash; Ray and Billy Wedlake, of Muncie, Logansport. Ray was in charge of the Austin, Texas, team last season. The season will open May 5 and close October 1.

STRONG FOR DIAZ.

City of Mexico, Feb. 6.—The national convention of the liberal party has assembled here, holding sessions in the hall of the chamber of deputies. All the states and territories are represented and a committee has been appointed to count and announce the number of votes cast in the plebiscite of January 1, in order to ascertain the preferences of the citizens for president during the term to begin in December next. Out of 88,632 qualified voters in the City of Mexico, 67,788 voted for President Diaz as the candidate of the liberal party. A similarly large proportion was noted in the vote in federal districts in favor of the present incumbent. Members of the convention say that the voting throughout the country was heavily in support of General Diaz's candidacy.

POST OFFICE PROMOTIONS.

Three employes of the Fort Wayne post office this morning received advances in rank which carry with it proportionate increase in salary. William H. Smith is promoted from stamper to mailing clerk, while M. H. Solliday and George H. Allen, stampers, are each advanced one grade.

Mr. and Mrs. George Mitzoman, of Maumee avenue, are recovering from an attack of the grip. Mr. Mitzeman is the well known grocer.

MUST BELIEVE IT.

When Well Known Fort Wayne People Tell it so Plainly.

When public endorsement is made by a representative citizen of Fort Wayne, the proof is positive. You must believe it. Read this testimony. Every backache sufferer, every man, woman or child with any kidney trouble will profit in the reading.

Ex-Policeman J. Patton, of 180 Ewing street, says: "I had kidney complaint for four or five years. The kidney secretions were discolored and I had much annoyance form their too frequent action. If I stooped and straightened everything whirled about me, and I was almost blind. Whenever I tried to work a little in my garden or stood in a stooping position my back ached terribly, and I had to place my hand where the pain was worst, my back feeling perfectly numb. I became so bad that I could not do much of anything and, though I tried a number of kidney remedies, none of them helped me. I heard about Doan's Kidney Pills, procured them at Meyer Bros. & Co.'s drug store and they relieved me right from the start. I took two boxes. The difficulty with the kidney secretion disappeared as well as the dizziness and I could work in my garden all day and never feel my back ache any more than a man who has never had kidney trouble."

MONSON INSULTED

BRITISH AMBASSADOR TO PARIS ATTACKED.

AN EDITOR'S UGLY ASSAULT

TERRIFIC ABUSE OF DIPLOMAT AND HIS COUNTRY.

MONSON HAS LEFT CAPITAL

GREAT BRITAIN LIKELY TO MAKE PROTEST.

Paris, Feb. 6.—Apropos of the fact that Ambassador Monson has left France and the rumor he had asked Minister Delcasse for explanations regarding the decoration of Leandre, the artist, the Patria violently attacked Ambassador Monson last night, and says:

"France is full of indignation at the abominable policy of the filibusters, gamblers and thieves who are controlling England.

"English statesmen are all rascals who are seeking gold in the bloody mud of the battlefields. France applauds their defeats, in which the queen expiates, as does the aristocracy, the nation's tyranny, and France rejoices.

"Your prices and honorary colonels, who are feting while your men are dying, disgust us.

GLAD MONSON IS ANGRY.

"Leandre scored these miserables, and did well. Minister Leygues decorated him, and we are glad that it makes you mad. Get madder! Go to Home, or go to the devil. Near or far you cannot appear more vulgar or frighten us. Go to Natal, if you are not afraid. You will see a French colonel leading an army of Creusot guns against your troops.

"We have all made steps since Fashoda."

Other gross and untranslatable terms are used in the article, which is signed by Millevoye, and is one of the most insulting ever written in France.

It is hardly likely that the dignity of Monson will allow him to accept such an attack without protestation, and the attack has aroused the bitter enmity of the English residents in Paris.

HAS LEFT FOR THE RIVIERA.

Paris, Feb. 6.—Sir Edmund Monson, the British ambassador to France, has gone to the Italian Riviera, not because he is ill or requires a rest, but because he finds his position here unpleasant at the present moment, owing to the strong feeling against Great Britain in the press and society, which, perforce, is reflected to some extent in the attitude of the French government.

REMAINS OF WILLIAM GOEBEL LIE IN STATE.

Are Taken to His Old Home in Covington, Where They are Viewed by Thousands.

Covington, Ky., Feb. 6.—The special Goebel funeral train arrived here at 8 o'clock this morning from Frankfort. It consisted of a baggage car with the casket and floral tributes, a coach for the pall bearers, judges of the appelate court, legislative committee and others, and a Pullman with the relatives. Among those in the Pullman were Arthur Goebel, of Cincinnati; Justus Goebel, wife and children, of Arizona; Mrs. Braunecker, of Ohio, sister of the deceased; Mr. and Mrs. Reynolds, of Cincinnati; Mr. Reynolds is a brother-in-law of Justus Goebel. Mr. and Mrs. Charles McCord and other personal friends were also in the Pullman.

The casket was taken from the Capitol hotel at Frankfort shortly before 4 a. m. The hearse, followed by carriages and many pedestrians, proceeded under the electric lights to the special train which left at 4 a. m.

The demonstration in honor of Governor Goebel in the city and county which he had represented in the state senate for twelve years was impressively simple.

A large detail of police was stationed about the depot and another detail kept the streets clear from the depot to the Odd Fellows' hall, in which the body lies in state. With the exception of floral tributes, carried in the procession, there was no attempt at display.

The relatives had been driven to their respective homes and not a single carriage was in line.

A guard of honor consisting of fifty neighbors received the body at the depot and another guard was in waiting for it at Odd Felolws' hall.

The detail of police at the depot led the procession, followed by the guards of honor, members of the legislature and of the court of appeals, Kenton County Bar association, Campbell Bar association and other organizations, but the great bulk of the procession was made up a multitude of people who assembled at the depot and fell into the line.

During the first hour after the arrival of the funeral train only a small portion of the crowd could gain entrance to Odd Fellows' hall, and a steady procession moved past the bier all the forenoon.

The remains will lie in state here until 10 p. m., and then they will be in charge of the guard during the night and conveyed back to Frankfort by special train tomorrow morning, where they will lie in state until the funeral at that place on Thursday.

WAR ON PHONES.

Minneapolis, Minn., Feb. 6.—The 100 druggists of Minneapolis last evening by a unanimous vote adopted a resolution declaring the Northwestern Telephone company their foe and agreeing at once to throw every telephone of the company out of their respective stores. This action will, it is claimed, be followed by hundreds of other business men of the city in the near future. The Northwestern Telephone company has gained the enmity of the druggists by sending out notices that no druggist shall allow others than his employes to use the instrument, and in several cases where the order has been violated the company has forcibly seized the instruments. The company admits that it wants to put in automatic pay telephone stations in the drug stores, and the druggists will not allow this. The matter will probably be carried into the courts.

NATION'S AVAILABLE MILITIA.

Washington, Feb. 6.—The annual estimate of the secretary of war of the available militia strength of the various states shows that 10,343,152 men are ready for military duty, and that of this number 750,000 reside in Illinois. The present national guard of Illinois consists of 438 officers and 6,765 privates. The total militia force of the United States is given at 103,339. Michigan now has 2,836 members of the national guard and could furnish 275,000 men in time of need; Iowa has 1,873 and could furnish 302,274; Wisconsin has 2,836 and could furnish 372,152, while Indiana has 873 and could furnish 500,000.

BABE'S BURNS PROVE FATAL

LITTLE ONE WAS SCALDED BY HOT MILK.

Distressing Accident to Infant Son of Mr. and Mrs. Emil Wieland—Other Deaths.

William Wieland, the infant son of Mr. and Mrs. Emil Wieland, of 341 West Main street, died at 8 o'clock Monday evening as the result of burns accidentally received Sunday forenoon. The Wieland family had breakfasted and left the room temporarily, leaving the babe, nine months old, in its carriage near the table. The mother had boiled a pan of milk and this was setting on the table, when the little one climbed up and overturned the contents. The almost boiling fluid struck the babe on the breast, much of it passing beneath the clothing and scalding it in a frightful manner. Physicians were at once called, but the scalds and burns were so severe that death ensued on Monday evening.

The funeral services will be held from the residence Wednesday morning at 10:30 o'clock, Rev. Wambsganss officiating.

TRAUGHER.

J. H. Traugher, who was a prominent resident of Fort Wayne in its pioneer days, died Monday at his home at Niles, Mich., at the age of 87 years. Several months ago the young man was stricken with the disease, but recovered sufficiently to be able to be about until two weeks ago, when he suffered a relapse. In his enfeebled condition he could not withstand the ravages of the disease, and death ensued this morning. Besides the parents, the young man leaves three sisters and two brothers—Mrs. Charles Lavanway, Mrs. E. B. Muffley, and Miss Hattie Poulson, now of Des Moines, Iowa; Elmer Poulson, of Chicago, and Charles Poulson, an employe of the Pape factory.

WANT CONSTITUTION AMENDED

Washington, Feb. 6.—The rooms of the house committee on judiciary were crowded to overflowing today with the representatives of many religious, missionary and social reform bodies, to urge the need of constitutional amendment prohibiting polygamy. Among those heard were Bishop Saterlee, Episcopal bishop of Washington; Rev. Dr. Hamlin, in behalf of the Presbyterian church; Dr. S. H. Green, of the Baptist church; Mrs. James, for the Women's Home Missionary Board of the Presbyterian church; Miss Jennie Ackerman, traveling representative of the W. C. T. U.; Judge W. M. Springer, of Indian territory; Dr. John Dixon, of New York; Dr. L. A. Foote, of Brooklyn, and quite a number of others, representing various denominations. The addresses were strongly condemnatory of polygamy and many of those engaged in missionary work in the west stated the Mormon church was systematically propagating the doctrine of polygamy, despite all denials. The lady speakers appealed in particular for protection to the sanctity of the American home.

Washington, Feb. 6.—The following is the text of the new treaty negotiated in relation to the construction of the Nicaragua canal:

"The United States of America and her majesty, the queen of the United Kingdom of Great Britain and Ireland, empress of India, being desirous to facilitate the construction of a ship canal to connect the Atlantic and Pacific oceans, and to that end remove any objections which may arise out of the convention of April 19, 1850, commonly called the Clayton-Bulwer treaty, to the construction of such canal under the auspices of the government of the United States, without impairing the 'general principle' of neutralization established in article viii. of that convention, have for that purpose appointed as their plenipotentiaries:

"The president of the United States, John Hay, secretary of state of the United States, and her majesty, the queen of Great Britain and Ireland, empress of India, the Right Hon. Lord Pauncefote, G. C. B., G. C. M. G., her majesty's ambassador extraordinary and plenipotentiary to the United States.

"Who having communicated to each other their full powers, which were found to be in due and proper form, have agreed upon the following articles:

"Article I. It is agreed that the canal may be constructed under the auspices of the government of the United States, either directly at its own cost or by gift or loan of money to individuals or corporations, or through subscription or purchase of stock or shares, and that, subject to the provisions of the present convention, the said government shall have and enjoy all the rights incident to such construction, as well as the exclusive right of providing for the regulation and management of the canal.

"Article II. The high contracting parties, desiring to preserve and maintain the 'general principle' of neutralization as established in article viii. of the Clayton-Bulwer convention; adopted as the basis of such neutralization, the following rules, substantially as embodied in the convention between Great Britain and certain other powers, signed at Constantinople, October 29, 1888, for the free navigation of the Suez marine canal, that it is to say:

The canal shall be free and open, in time of war as in time of peace, to the vessels of commerce and of war of all nations, on terms of entire equity, so that there shall be no discrimination against any nation or its citizens or subjects in respect of the conditions or charges of traffic or otherwise.

"2. The canal shall never be blockaded, nor shall any right of war be exercised, nor any act of hostilities committed within it.

"3. Vessels of war of a belligerent shall not revictual nor take any stores in the canal, except so far as may be strictly necessary, and the transit of such vessels through the canal shall be effected with the least possible delay, in accordance with the regulations in force, and with only such intermission as may result from the necessities of the service. Prizes shall be in all respects subject to the same rules as vessels of war of the belligerents.

"4. No belligerent shall embark or disembark troops, munitions of war or war like materials in the canal except in case of accidental hindrance of the transit and in such cases the transit shall be resumed with all possible despatch.

"5. The provisions of this article shall apply to waters adjacent to the canal within three marine miles of either end. Vessels of war of a belligerent shall not remain in such waters longer than twenty-four hours at any one time except in case of distress, and in such case shall depart as soon as possible; but a vessel of war of one belligerent shall not depart within twenty-four hours from the departure of a vessel of war of the other belligerent.

"6. The plant, establishments, buildings, and all works necessary to the construction, maintenance and operation of the canal shall be deemed to be part thereof, for the purpose of the convention, and in time of war as in time of peace shall enjoy complete immunity from attack or injury by belligerents and from acts calculated to impair their usefulness as part of the canal.

"7. No fortifications shall be erected commanding the canal or the waters adjacent. The United States, however, shall be at liberty to maintain such military police along the canal as may be necessary to protect it against lawlessness and disorder.

"Article III. The high contracting parties will, immediately upon the exchange of ratifications of this convention, bring it to the notice of the other powers and invite them to adhere to it.

"Article IV. The present convention shall be ratified by the president of the United States, by and with the advice and consent of the senate thereof, and by her Britannic majesty; and the ratifications shall be exchanged at Washington or at London within six months from the date hereof or earlier, if possible. USE

Postum Food Coffee

As thousands of brain workers do.

"Coffee used to give me a sick headache occasionally, and the coffee habit was so fixed that if I quit it for a day a headache would follow. I was thus between two fires, and it was headache and sickness either way.

"Finally I was pushed to a point where I concluded to give up coffee altogether and try Postum Cereal Food Coffee. For a morning or two I stood the headache caused by a lack of my accustomed drug, but in three days I began to get on the right road, and since that time I have been getting better and stronger steadily.

One can hardly realize the pleasure it is to feel well again, and yet I have my delicious morning cup of Postum regularly, which tastes like coffee, looks like coffee, and yet gives me true strength and health. Mrs. B.—, 606 Croton Sq., Syracuse, N. Y., says: 'Postum Food Coffee was recommended to me for rheumatism by the physician. He will not allow the use of common coffee, but says that Postum is strengthening and beneficial to a system under acute rheumatic suffering. I find it most excellent.'

"Professor Duvoll, of the Syracuse university, says: 'I cannot drink coffee; use Postum Food Coffee, which has a strengthening influence for any one doing brain and nerve work.' Mr. William says: 'Coffee produces dizziness, dullness and nausea with me. I use, and much prefer, Postum Food Coffee, which gives strength and a true healthy condition.' Please do not use my name in public.' Respectfully, Mrs. E. W. L., Syracuse, N. Y.

Mother's Friend

is a soothing, soothing, refreshing liniment which is to be applied externally. It prevents all of the dangers and discomforts of pregnancy. Remember, it is to be applied externally. Common sense will tell you that anything taken internally is injurious. It will not only weaken the mother, but will endanger the other little life which is to come. If you will think the matter out fairly, you will see that anything which gives the muscles elasticity and strength is bound to do away with pain and to make labor short and painless. This is what *Mother's Friend* will do. Hundreds of women have testified to its great value.

General Kitchener has been authorized to hang whomever he pleases, but Presidents Kruger and Steyn reserve the right to retaliate by hanging only those who have been captured.

The assertion in the dispatches from Natal concerning General Buller's last movement that "no definite news will be permitted to go out until Ladysmith is relieved," may, judging from previous events, entail a long silence on the news dispatches.

Cleveland's Appendicitis club, according to current report, requires as qualification a surgeon's certificate showing that an operation has been performed for appendicitis. It does not seem necessary for the purposes of the club to have its members furnish certificates to the effect that a surgical operation has disclosed their possession of brains.

Ex-Consul Macrum's arrival in this country holds out the prospect that an international mystery will soon be solved. The young man turned a deaf ear to the interviewers who were waiting for him, declaring he had nothing to say for publication, but would go to Washington as soon as possible. If the ex-consul to Pretoria is carrying a state secret he has carried it well. If he has no communication to make to the administration he has succeeded in surrounding himself with a vast amount of mystery for nothing and has prepared himself a lively verbal investigation. In any case he has a right to make his report to the state department and explain his actions before any criticism is in order. There have been spiteful flings at his reputation that have had no warrant, because justice demands a fair hearing for every cause before judgment is passed upon it.

We admonish our republican friends that if Col. J. S. Dodge, of Elkhart, has it in mind to make many speeches of the tenor of that he made Monday evening in this city, they will profit much by requesting to keep out of the Twelfth district. Colonel Dodge's attack on Congressman J. M. Robinson was coarse and wanton. As a republican Mr. Dodge is not expected to approve of Mr. Robinson's public service, but partisan disapproval ought to be able to find decent terms of expression. Slurring is not criticism. As to Congressman Robinson's record in obtaining pensions for soldiers, we believe he will suffer none from Colonel Dodge's agitation of that matter. Mr. Robinson has been very diligent and faithful in behalf of those of his constituents who deserve pensions. In attempting to ascribe Mr. Robinson's labors for veterans to insincere motives, Colonel Dodge forgets that to judge invites judgment.

No elaborate statistics are necessary to prove that many fires might be prevented if carpets, curtains, draperies and clothing were noncombustible. This is precisely what a firm of German manufacturers propose to bring about. After several years of experimenting they announce the discovery of a chemical treatment that will render any fabric of cotton, linen, wool or fibre fireproof. The process is cheap and adds but little to the weight of the article treated. The facts in the case are reported by the American consul at Freiburg. The consul has tested the treatment upon various grades of cloth. He notes no injury to the coloring or strength of the fibre. When a candle flame was brought in contact with the treated cloth there was a charring at the immediate point of contact, but no spread of fire; saturated with kerosene, the oil burned vigorously, the fibre was charred, but the cloth was not burned. Applied to wood, it has the same effect. The chemicals, however, are soluble in water, so the process is not useful for outdoor use, and garments when washed must be impregnated. It may readily be seen that this discovery will be valuable for securing the better safety of hotels by treating carpets, curtains and inside woodwork; of advantage for coverings of explosives and in a multitude of other ways. It is not improbable a way may be found to make it waterproof. In any event, it must be regarded as an important achievement and as opening a prospect for the greater security of property.

REASON NOW RULES.

Cool reason has resumed sway in Kentucky. The crisis that has been threatening civil war in the state seems to have been safely passed and the strife over the governorship is in a fair way to be settled without the spilling of any more blood.

The conference held in Louisville between seven representative democrats and a like number of representative republicans has resulted in a compromise that ought to be wholly acceptable to both parties. Governor Taylor will quit his office if the legislature in joint session will ratify the resolution adopted by the democratic members in approving the report declaring Goebel governor. The militia is to be withdrawn with all dispatch commensurate with the preservation of order.

The democrats agree to assist in the enactment of such laws as will ensure free and fair elections. This, of course, means that the Goebel law, no small factor in the main controversy, is to be modified or repealed. There are to be no proceedings against Taylor or any of his adherents or co-officials for treason, usurpation or any other offenses that may be charged to them for their acts during the past week.

The legislature is not to get down to business until next week, when it is hoped the way will have been cleared for peaceful solution of all problems that now disturb the situation. That wisdom has prevailed in Kentucky will be the source of gratification all over the country. It does not now cut so much figure who is responsible for bringing about peace, so that new hopes are realized. Kentucky should begin at once to live down the bad fame to which she has risen.

COMPANY D CELEBRATED IT

A FORT WAYNE BOY ON THE PROGRAM.

LETTER FROM JACK FROMUTH

ATTENDED LAWTON'S FUNERAL AT MANILA.

P. C. Ligget is in receipt of a letter from Jack Fromuth, a Fort Wayne boy with Company D, of the Fourteenth United States infantry, in which the writer tells how Company D celebrated Thanksgiving at Paranaque with an elaborate dinner and entertainment. Mr. Fromuth also attended the funeral of General Lawton at Manila. The letter follows:

"Manila, P. I., January 4, 1900.
Comrade:—I received your copy of the Fort Wayne Sentinel the other evening, and was glad to get a home paper, as it brought me to old Fort Wayne again. Well, we are in the city again and do not like it at all; it is the same thing over and over. We are on guard one night and off the next. We get to go over the town, but when you go down one street you have seen it all.

"The people are becoming very much Americanized here—they wear shoes, stockings and American clothing. It is very funny to see the natives go limping down the street, as they never wore shoes until we came, and now persist in getting footgear much too tight for them. There are some very pretty Spanish women here, but they have no use for an American, and the natives are so homely and dirty that we are unable to go into raptures over them.

"We have two drills a day and dress parade at night. Oh, we have a good time- I don't think, but then it was the real thing I wanted, so I won't kick. There is not much fighting going on now, and I think the most of it is over.

"We attended General Lawton's funeral last Saturday, and I tell you it was grand. First came two companies of the Fourth cavalry, then the regimental band, followed by Companies A, B, D, E, F, G, I and L, of the Fourteenth infantry, one battery of the Sixth artillery, behind which was the caisson bearing the remains. Lawton's old war horse with empty saddle and boots in the stirrups followed the caisson. That magnificent horse seemed to know something was wrong, for he did not appear to have any life in him.

"Well, we will soon get paid, but it will not do much good, as most of the boys owe more than is coming to them. I enclose you a program of our Thanksgiving dinner and concert at Paranaque, in which I took a part.

"Your old comrade.
"Jack.

THE HOME-VOYAGE.

General Henry W. Lawton, Fell at San Mateo, P. I., Dec. 19, 1899.

In State, Indianapolis, Ind., Feb. 6, 1900.

I.

Bear with us, O great captain, if our pride
Show equal measure with our grief's excess
In greeting you in this your helplessness
To countermand our vanity or hide
Your stern displeasure that we thus had tried
To praise you, knowing praise was your distress.
But this home-coming swells our hearts no less,—
Because for love of home you proudly died.
Lo, then:—The cable, fathoms 'neath the keel
That shapes your course, is eloquent of you;
The old flag, too, at half-mast overhead—
We doubt not that its gale-kissed ripples feel
A prouder sense of red and white and blue,—
The stars—ah, God! were they interpreted!

II.

In strange lands were your latest honors won—
In strange wilds, with strange dangers all beset;
With rain, like tears, the face of day was wet,
As rang the ambushed foeman's fateful gun.—
And as you felt your final duty done,
We feel, that glory thrills your spirit yet,
When at the front, in swiftest death, you met
The patriot's doom and best reward in one.
And so the tumult of that island-war
At last, for you, is stilled forevermore—
Its scenes of blood blend white as ocean-foam
On your rapt vision as you sight afar
The sails of Peace: and from that alien shore
The proud ship bears you on your voyage home.

III.

Or rough or smooth the wave, or lowering day
Or starlit sky,—you hold, by native right,
Your high tranquillity—the silent hight
Of the true hero.—So you led the way
To victory through stormiest battle-fray,
Because your followers, high above the fight,
Heard your soul's lightest whisper bid them smite
For God and man and space to kneel and pray.
And thus you cross the seas unto your own
Beloved land, convoyed with honors meet,
Saluted as your home's first heritage—
Nor salutation from your state alone,
But all the states, gathered in mighty fleet,
Dip colors as you move to anchorage.

—James Whitcomb Riley.

HORSES RAN AWAY.

A team of horses driven by a farmer named Scott, became frightened at a car near the Lindenwood cemetery Monday afternoon and started at a mad pace down the road. In the wagon with Scott were his sister and her daughter, who had come from Ohio to pay him a visit. After the team had run a short distance the wagon struck an obstruction and Mr. Scott was thrown out. His sister attempted to control the horses, but the lines had become entangled and with considerable presence of mind she dropped her daughter on the road, while the team continued its flight. Having run some distance along the Illinois road, the team was stopped by a farmer's wagon, which was on the road ahead of it. Besides a few bruises and a thorough fright none of the occupants of the wagon were injured.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

MRS. LAWTON MADE REQUEST

WANTS HARMONY LODGE REPRESENTED AT FUNERAL.

Congressman Robinson an Honorary Pall-Bearer and Will Act for Fort Wayne Odd Fellows.

The widow of Major General Lawton was deeply touched by the kindness and sympathy manifested on Monday, and words were powerless to express the gratitude of her sorrow-burdened heart. While in the city she made the request that Harmony lodge of Odd Fellows, of which General Lawton was a member, be represented at the funeral services at Washington.

The members of that organization held an informal meeting Monday afternoon, and Secretary G. W. Boerger telegraphed Congressman Robinson, who is a member of Harmony lodge, asking that he officially represent the Odd Fellows at that service. This morning Congressman Robinson telegraphs the secretary that he had already been appointed an honorary pall-bearer from the House of Representatives by Adjutant General Corbin, and will therefore represent the Odd Fellows in addition to the congressional appointment.

The widow of Dr. Armstrong, who was with the Lawton party Monday, is a prominent member of the Order of the Eastern Star in Kansas, and during the afternoon many members of Shiloh chapter called upon Mrs. Armstrong to extend condolences. A beautiful floral piece emblematic of the order was also presented to Mrs. Armstrong.

TALKED OF THE WAR.

Ottawa, Ont., Feb. 6.—The Transvaal war was discussed in the house of commons last night. The position of the government was announced by F. J. Gould, who moved the address in reply to the speech from the throne, in regard to the pay of the contingents, which is the bone of contention between the two political parties. The government proposes to pay all the expense of the Canadian soldiers to Cape Town, there to be merged into the battalions of the empire and paid for by Great Britain. In addition to the pay given by Great Britain, Canada will make it up to the sum paid if the Canadian soldiers had been serving at home. This extra amount will be kept in a fund for the return of the men or given out to their families. Sir Charles Tupper insisted on paying the full sum to Great Britain while the Canadians were in the field. Sir Wilfred Laurier, the premier, spoke of the justice of the war and supported the view taken by the government for forwarding assistance. He did not want to be more imperial than the imperialists and said the sending of the contingents offered no precedent which any government would be expected to follow in the future.

Drs. K. K. Wheelock and J. D. Chambers performed a delicate operation on Charles Fry, on Saturday. The operation consisted of removing a gathering which had formed near the middle ear. The patient is making rapid progress toward recovery.

A GIRL ABDUCTED

LEWIS KELLAW RAN OFF WITH MAUDE STRAW.

HUNTINGTON GIRL'S HOME

ARREST WAS MADE NEAR COLUMBIA CITY.

NEWS OF NORTHERN INDIANA

ITEMS OF INTEREST FROM OVER THE STATE.

Columbia City, Ind., Feb. 6.—Marshal Ramsey, of Warren, and Marshal Grund, of this city, arrested Lewis Kellaw, alias Bert Turner, at the home of William Burch, six miles south of this city, last evening, on the charge of abduction. Two weeks ago he called at the home of James Straw, a Huntington county farmer, and induced Maude Straw, the 13-year-old daughter, to accompany him to a spelling school. They failed to return to the girl's home and officers were notified. The couple traveled about with a pony and buggy like Nellie Berger and her abductor. Under threats the girl was kept in subjection and represented as the villain's wife. She was overjoyed by the arrival of the officers and will be returned to her grief-stricken parents.

BOY BITTEN BY MAD DOG.

Jeffersonville, Ind., Feb. 6.—Clarence Saunders, the 14-year-old son of Louis Saunders, is suffering excruciating agonies as a result of hydrophobia which developed early yesterday morning. On October 10 Saunders was bitten on the palm of the right hand by a hound. The bite left a punctured wound and several days elapsed before it was cauterized. The wound healed and it was soon dismissed from his mind. Pasteur's serum was injected hypodermically in his thigh by the local physicians last evening, but the result will not likely be determined until morning, provided he lives. It requires three persons to hold him at times and the thought of water almost throws him in spasms.

ROBBERS REPULSED.

Union City, Ind., Feb. 6.—Mrs. Joseph Detamore was summoned to her door, late last night, by a knock, and upon opening it she found herself confronted by three masked men, one of whom remarked: "We don't want to harm you, but we must have your money." Mrs. Detamore was carrying a revolver in her hand, and she replied: "I'll give you bullets," and immediately began firing. The intruders fled precipitately. The woman is not used to handling firearms, but she reports that she had a presentiment that the knock meant mischief, and she took precautions accordingly.

AT HIS OWN FUNERAL.

Elkhart, Ind., Feb. 6.—Albert Bemiller, living with his parents six and one-half miles southeast of this place, was kicked and seriously injured by a horse, being found in a stall in an unconscious condition, and in danger of freezing to death. A report of his death was telephoned to the Elkhart and Goshen papers from Wakarusa and the date of the funeral given. When Elkhart and Goshen friends of the family reached the house to attend the services, they were startled by the appearance of the supposed dead man at the door to welcome them. The visitors turned their anticipated mourning into rejoicing and merry-making.

INVOLUNTARY MANSLAUGHTER

Portland, Ind., Feb. 6.—After twenty-four hours' deliberation the jury in the case of Mary O'Donnell, for the murder of Frank Whitesell, returned a verdict of involuntary manslaughter, and she will be committed under the indeterminate sentence law.

SUICIDE WHILE DINING.

Peru, Ind., Feb. 6.—Mrs. Elmer Ferkel, while dining at the home of Mrs. Carrie Seymour, began toying with a revolver within reach, and with the exclamation, "Here goes nothing," she placed the muzzle against her bosom and pulled the trigger. A bullet entered her heart and she fell dead with a gasp. She was the daughter of Mr. and Mrs. John Grace, of Andrews, and she came to this city with her husband, a railroader, who afterward left here, and is understood to be with the Northwestern, running out of Chicago. She was twenty-one years old.

South Bend, Ind., Feb. 6.—The divorce and alimony case of the deaf Mrs. D. C. Ulleri, against her blind husband, Elder Ulleri, a wealthy pioneer, was compromised, by the wife getting over a third of the property. There is forty years difference in their ages.

A WEEK OF JUBILATION.

Laporte, Ind., Feb. 6.—The First Baptist church, of this city, is celebrating this week as one of jubilation. The debt which has been hanging over the church for twenty-seven years has been paid, and on Wednesday evening the mortgage will be publicly burned.

DISEASE AT YOUNG AMERICA.

Logansport, Ind., Feb. 6.—Galveston and Young America citizens are alarmed over the outbreak of smallpox at Young America.

NORTHERN INDIANA NOTES.

Mrs. Mary Herring, of Wabash, the widow of the late Paul Herring, superintendent of the Wabash Paper company, died very suddenly of heart failure.

When the engineer of the Wabash electric light station sounds "Home, Sweet Home" on his whistle, the children scamper for fear of arrest under the curfew ordinance.

Mrs. Bridget Maher, of Hammond, has been awarded $1,700 damages by a jury in the superior court for injuries sustained by a fall through a defective sidewalk. The city of Hammond will not appeal.

George W. Baker, aged seventy-five, secretary and treasurer of the South Bend Chilled Plow company, died at South Bend Monday morning of Bright's disease. He was an old and prominent resident of this city.

News of the death of her brother, Frank, in the Philippines, has made blank the mind of the daughter of John Carr, of Columbia City. On the first announcement the girl fainted and remained unconscious for five days.

A rather novel law suit is reported from Lagrange county. Bert Hart had been making John Ward's store at Valparaiso his loafing place, and his presence became so annoying that Mr. Ward offered him $1 per month if he would remain away. Hart remained away eighteen months, and then presented his bill for $18, which Ward refused to pay. Hart sued it and lost, the justice holding that as there was no consideration received or paid the contract was void. Hart will likely resume loafing if Mr. Ward does not make free use of the toe of his boot.

At Macey, a few days ago, twelve of the oldest men in Allen township, (Miami county) met in the postoffice at the same time. Their combined ages aggregated 778 years, an average of almost sixty-five. J. B. Hatch was the youngest and Uncle Joseph Breece the oldest. Following are the names and ages: William Shafer, seventy-one; T. G. Horton, seventy-three; J. R. Miller, sixty-three; H. C. Blackburn, sixty-two; Joseph Sampsel, sixty-one; Daniel Musselman, sixty-two; Joseph Breece, seventy-eight; J. B. Hatch, fifty-seven; William Adams, sixty; David McKilip, sixty-three; D. E. Morgan, sixty-nine, and E. B. Clendenning, fifty-nine.

LAWTON EXPRESSED A WISH

TO BE BURIED WHERE HE FELL IF KILLED.

Such Was the Desire He Once Stated in a Conversation With Some of His Officers.

Col. Edward P. Edwards, in a talk with friends at the New Aveline Monday, said that General Lawton, in conversation once with some of his officers had expressed the wish that if he were killed in battle he should be buried where he fell. There had been some talk of military funerals and General Lawton did not approve of too much pomp in burying a soldier and expressed the wish as stated above.

Captain George W. Bell of Andrews, was one of the survivors of the Thirtieth Indiana, who attended the ceremonies in honor of General Lawton. He was in the ranks with Lawton while he was only a private. Wilson Bell, of Huntington, was another visitor who had known General Lawton in his school days. He attended school with the general in this city in 1859 and several years previous to that time.

Mesdames J. B. Baker, of Peoria, Ill.; Rufus Saylor, of Oskaloosa, Iowa, and M. C. Combs, of Macon, Ill., were in attendance upon the Lawton ceremonies and greeted Mrs. Lawton. The three ladies are double cousins of General Lawton, their fathers being brothers and their mothers sisters. Before returning to their homes the ladies will visit friends in Northern Indiana towns.

ADMITS KILLING FORMANS.

Lebanon, Ind., Feb. 6.—J. M. Dillon, of this city, received a letter yesterday from his son, living near Brownsburg, Ind., relating that James Hough had confessed to the killing of the Formans, south of town, seventeen years ago. Mrs. Formans, aged 86, and an old-maid daughter, aged 58, living alone, were found brutally murdered and buried under brush near their house. Several arrests were made, but evidence was insufficient to convict. Among the number of suspects was Hough, who was kept under surveillance for some years afterward. The letter states that Hough on his death bed related that himself and two others, whose names he declined to divulge, had killed the women with a corn knife for the purpose of robbery.

ROBERTS PLEADS NOT GUILTY.

Salt Lake, Utah, Feb. 6.—Brigham H. Roberts, now exclusively of Utah, came to Salt Lake yesterday from his home at Centerville, and at his preliminary hearing before Justice Kroeger on the charge of polygamy, through his attorney, entered a plea of not guilty and waived examination. Roberts was not present in person. His bonds for appearance in the district court were placed at $300. The entire proceedings did not occupy more than two minutes. "If the manhood of our much-beloved Utah is what I think it is," said Roberts in an interview, "it will arise in its majesty of its own strength, look into the eyes of the conspirators who have made it impossible for me to sit in congress, and tell them they have no power to terrify us." The fact that Roberts, on his arrival here, went directly to the house of his third wife has caused much unfavorable comment.

FIVE FINE CATTLE KILLED

SPRINGFIELD TOWNSHIP FARMER HAS A LOSS.

Animals Burrowed Into a Strawstack, Which Overturned and Smothered Them.

Five valuable cattle owned by Levi Repp, a well-known farmer of Springfield township, were smothered to death Sunday morning by the overturning of a strawstack in which they had burrowed.

The overturned stack was discovered early Sunday morning, and the accident may have been caused partially by the wind and also by the fact that the animals had been permitted to burrow deeply into the stack. Mr. Repp and his assistants went to work at once in an attempt to extricate the cattle before they were dead, but this was impossible, and when they were reached all had been smothered. The loss is a considerable one, as the cattle were fine animals.

THOMAS A. EDISON VERY ILL.

Akron, Ohio, Feb. 6.—Thomas A. Edison, the inventor, is seriously ill at the home of the late Lewis Miller, in this city. He is suffering from an attack of acute influenza, and while the doctors declare there is no danger, the trouble is regarded serious enough to keep him confined to his bed. Dr. A. E. Foltz, who has the patient in charge, said Mr. Edison's system was not in the best condition and that the trouble would therefore keep him in bed somewhat longer than would generally be the case. Mr. Edison and his wife were in attendance last week at the funeral of his sister in Milan, Ohio, and it was at the graveside that he took the cold which has brought on his illness.

EDITORS WILL ASSEMBLE.

Jackson, Miss., Feb. 6.—R. H. Henry, of this city, president of the National Editorial association, has issued an address to the editors of the United States stating that the fifteenth annual meeting of the association will be held in New Orleans during Mardi Gras week. The members will rendezvous in St. Louis on Washington's birthday and arrive in New Orleans on the 26th, stopping at several cities en route, where receptions will be given. The first business session will be held in New Orleans March 1. Col. A. K. McClure, editor of the Philadelphia Times, delivering the principal address. Reports received by the president indicate that the meeting will be one of the largest in the history of the association.

A test made recently in Binghamton, N. Y., showed that the cost of heating street cars by electricity is double that of heating with coal.

A Hindoo believing in the transmigration of souls, ate no animal food, because in destroying even a worm he might be destroying the body occupied by an ancestor. A traveler coming upon the Brahmin taking his vegetable meal, told him it was impossible to avoid destruction of animal life and, to prove it, focused a microscope on the fruit the Brahmin was eating. That pious person drew back horrified at the living forms he saw. What did he do? Throw away the fruit? Not he! He smashed the microscope and went on with his meal.

BIG TIME BY SOLDIERS', SONS' AND CITIZENS' CLUB.

A RECEPTION TO NOTABLES

STATE OFFICERS AND CANDIDATES PRESENT.

SOME SPEECHES WERE MADE

CHAIRMAN HERNLY WAS ONE OF THE GUESTS.

The Soldiers' Sons' and Citizens' Republican club Monday evening tendered a reception to visiting state officers and prominent republicans. The reception was held in White's hall and the guests were Charles S. Hernley, chairman of the republican state committee; Secretary of State U. R. Hunt, Auditor of State W. R. Hart, Treasurer of State Leopold Levy and Hon. James S. Dodge, of Elkhart, candidate for the republican nomination for governor. When President U. H. Stewart called the meeting to order there were present about 200 republicans. United States Commissioner T. J. Logan delivered the address welcoming the visitors to Fort Wayne as guests of the club and wishing them enjoyment during their stay and success in the political battles they were about to fight. Mr. Logan declared himself in favor of the retention of the Philippine islands and expressed the belief that the American people would say by their votes: "Retain the Philippines."

Charles S. Hernley, of New Castle, was the first speaker. Mr. Hernley always passes the word around that he is no speechmaker, but nevertheless he talks effectively when he does make a speech. He congratulated the republicans of Allen county on their loyalty to the republican party in the years past and said he was glad to know that rock-ribbed Allen was not so rock-ribbed that there was no chance for a republican to be elected to a county office. He hoped that the republicans would this year fill the new court house with republican officials so that in that magnificent structure they could show to the Allen county citizens what local republican management meant. He told of the great prosperity of the past two years, for which he contends the republican party is responsible, and made the statement that voters no longer hear of the crime of '73. He asserted that the British-Boer war appeared now to be the question which Allen county democrats would discuss, but was confident that the national fight would again be on the issues of 1896. He expressed the belief that the republicans who left the party in 1896 would return and tried to make his hearers believe that Mr. Bryan could not make votes on any other issue than the money question. He talked about the flag being kept where it was once raised and said the republicans would advocate keeping it there. He said that persons who did not agree with the republican policy of expansion were traitors.

Col. J. S. Dodge, of Elkhart, was the next speaker. He said he would talk of citizenship and not politics. Mr. Dodge then entered into a discussion of what he considered the duty of American voters when they exercised the franchise. First of all, they should understand for themselves all the questions that confront them and not believe everything that speakers told them. He believed that the welfare of women and children depended on the governmental policy. He compared the democratic and republican administrations of the two last decades and asserted that all persons who opposed the colonial policy of President McKinley were unpatriotic and unfit for citizenship. He said that only republicans should be put on guard and the questions should always be asked: "Is he competent? Is he a republican? Has he served his country?" He followed with a bitter attack on Congressman Robinson, whom he asserted was the worst representative in congress. He qualified this later when he saw the chill with which some republicans present heard these remarks.

Union B. Hunt, of Winchester, followed. He congratulated Allen county republicans and expressed the hope that they might receive their reward for the fights they had always made for the republican party. Mr. Hunt reviewed the campaign of 1896 and complimented what he called the good sense of the American people in defeating William J. Bryan for the presidency. He contended that McKinley had kept faith with the people and brought upon them a plentitude of blessings. Mr. Hunt defended the Philippine policy of President McKinley and asserted that the anti-expansionists were responsible for the continuance of the war which the Filipinos had brought upon themselves. He said the blood of Lawton was on their anti-expansion [illegible] republicans to try and retain the German votes which were being chased from the republican party by the McKinley policy, asserting that they did not understand.

After this address President U. H. Stewart, who, assisted by C. R. Lane, had done so much to make the meeting a success, invited the visitors to the club rooms, where a special feature of the hour was a song by Auditor Hart. Treasurer Levy did not make an address.

RIOTING BEGINS.

Chicago, Feb. 6.—As a result of the building trades strike begun yesterday, one man was shot today and several were beaten by strikers. Most of the rioting was among the men employed by the Newman Piano company. The police made several arrests.

BATTERY IS MUSTERED IN

MAJOR J. E. MILLER PERFORMS THE WORK.

William F. Ranke is Elected Captain —Equipment Soon to be Given the Company.

The members of the new Battery B were formally mustered into service at their armory, at 140 Calhoun street, Monday evening, by Major J. E. Miller, assistant to Adjutant General Gore. The oath was administered to the members in a body, after which the officers of the company were elected, as follows:

Captain—William F. Ranke.

Senior First Lieutenant—William C. Cleary.

Junior First Lieutenant—Fred Meyers.

Second Lieutenant—Oliver S. Jones.

Governor Mount will issue the commissions of these officers when notified of the legal organization of the force.

Major Miller made a short address to the soldiers, in which he stated that the new battery was starting out under the most favorable circumstances and he predicted a promising future for the company. Major Miller stated that it was the intention of the department to do more for the military interests of the state than heretofore and he intimated that a number of changes would be made. The speaker said that the equipment for the battery would be forwarded in about a month and that it was the desire of the adjutant general to inspect the company before the uniforming. The armament would consist of two steel Rodman guns, six-pounders, a breech loading 3.3 and a Hotchkiss rapid fire gun.

A meeting of the battery will be held on Wednesday evening, Feb. 14, when the non-commissioned officers will be appointed and civil officers elected.

There are three batteries now in the state militia—the Indianapolis battery, of seventy-five men; the Attica battery, of seventy men, and the Fort Wayne battery.

INDIAN BRIDE TO BE SOLD.

Guthrie, O. T., Feb. 6.—A custom which has been in vogue among the Osage Indians from time immemorial will be observed at the residence of ex-Chief Frank Corndropper, near Bartlesville, I. T., when his oldest daughter, Mary Corndropper, will be sold in marriage to the highest bidder, who will make payment for his bride in ponies. Mary is 23 years old and pretty. She has twice before been sold in marriage, her first husband having been Tall Chief, and her second John Logan, a prominent member of the Osage council. She was sold for 400 ponies the first time and 200 the second time. Both marriages proved unhappy, and this is why the girl will be put on the block again. In accordance with an ironclad rule observed by the Osage aristocracy, only fullbloods will be allowed to bid. The parents of the competing young men will do the bidding, and the bride, attired in silk of the gaudiest hue, will announce the result by riding into the arms of the successful contestant. The ceremony will be completed by the bride being taken into the house and stripped of her clothing, which will be torn to pieces and divided equally between her parents and her husband's parents. A feast, consisting of many beeves, will follow, and the festivities will be concluded with a three days' dance, which will be participated in by about 300 guests, who will be invited to attend the wedding. Miss Corndropper has 1,200 acres of land, which will be given to her husband. They will live at her father's house.

Colonel George M. Studebaker, late of the One Hundred and Fifty-sixth Indiana Volunteers, who attended the Lawton memorial exercises yesterday, has returned to his home in South Bend. Colonel Studebaker was the guest of Col. J. C.

THE MARKETS.

Chicago, Feb. 6.—Wheat opened weak on lower cables, the mild weather and lack of outside interest, May ½c under yesterday at 67⅛@67⅜c. Sellers were numerous and May sold off to 67⅛c, but reacted later to 67½c. Local receipts were 29 cars, none of contract grade. Minneapolis and Duluth reported 403 cars, against 294 last week and 401 a year ago.

The strength of corn held the market steady for some time, May after 11 o'clock pushing up to 67⅛@67⅜c. There was little demand, however, and when corn turned easy wheat followed, closing weak, May declining to 67⅛c, and closing ⅜@½c under yesterday.

The corn market early was quiet but firm. Heavy receipts, 1,135 cars here, were offset by small country offerings and firm cables. May opened unchanged at 33⅛@33¼c and advanced to 33⅜c.

Corn closed easy, May a shade lower at 32½c.

Oats were firm with corn, but trade was dull. Local receipts were 314 cars. May opened unchanged at 23⅜c and advanced to 23½c.

The provisions market derived strength from hog receipts under the estimate and better prices at the yards. Offerings were light and the demand was good. May pork opened at $10.95@11.00 and advanced to $11.07½; May lard opened unchanged at $6.10 and May ribs a shade up at $5.95.

THE DAY ON WALL STREET.

New York, Feb. 6.—Opening prices of leading railroad stocks indicated slight improvements over yesterday's final figures. Among the specialties the tendency was confused, Sugar and Brooklyn Transit being under pressure, while the metal group ruled higher. A good effect was exercised on the local speculation by the higher prices for Americans in London. Simultaneous transactions in Norfolk and Western common stock of 5,000 shares were made at from 30 down to 29½, as compared with 29¼, yesterday's price.

The decision of the Reading management to place the first preferred stock on the first 3 per cent. annual dividend basis caused a rise in this issue of over a point.

Conspicuous strength developed in some of the high-priced railroad stocks, notably St. Paul, Pennsylvania and Illinois Central, which rose ½ to 1 point. Larger gains were made this morning for the specialties, Anaconda Mining rising 2 points and Third Avenue 5½. Pretty much all the active stocks hardened, a rally occurring in properties which were depressed at the start.

After the first half hour profit-taking caused a set-back from the best level. Continental Tobacco, Sugar and Norfolk and Western lost 1 to 1⅜ and Tennessee Coal 3½.

Sugar was unloaded in enormous blocks which broke it to 110½. Weakness became quite pronounced in the local traction group. Metropolitan Street Railway fell 2½ and Manhattan and Third Avenue 1¾. Lackawanna lost 2½. Steel and Wire 1½ and others near a point. Prices generally held about at last night's level. Exceptions were National Biscuit and Wisconsin Central preferred, which advanced 2½ and 1½ respectively. Toward midday Third Avenue bounded up several points and Sugar rallied a point. The general list hardened in sympathy.

Bonds were active and irregular.

NEW YORK PRODUCE.

New York, Feb. 6.—Butter—Receipts, 7,548 pkgs; market firm; June creamery, 19@23½c; factory, 21@23c; factory, 16@19½.

Cheese—Receipts, 1,000 pkgs; market steady; full made fancy large, 12¾@13c; full made fancy small, 12¾@13c; late made, 11¾@12c; small late made, 12@12¾c.

Eggs—Receipts, 9,832 pkgs; market steady at decline; western, 16c, loss off; western ungraded at mark, 14@15½c.

Sugar—Raw, steady; fair refining, 4c bid; refined, quiet but firm.

Coffee—Market steady; No. 7 Rio, 8¾c.

Molasses—Market quiet but firm.

THE MONEY MARKET.

New York, Feb. 6.—Money on call nominally 2 per cent; prime mercantile paper, 4@5 per cent; sterling exchange steady with actual business in bankers' bills at $4.87½@4.87¾ for demand and at $4.84¼@4.84½ for 60 days; posted rates, $4.85 and $4.88½; commercial bills, $4.83½@4.84; silver certificates 59½@60½c; bar silver, 59¾c; Mexican dollars, 47½c.

A FINE TRIBUTE TO LAWTON

HON. J. M. ROBINSON SPEAKS IN CONGRESS.

House Listens to a Glowing Eulogy of the Dead Hero by Twelfth District Member.

Washington, Feb. 6.—Representative Robinson, who, with Major Steele, was yesterday designated to be honorary pall bearers at the Lawton obsequies as representing the house of representatives, delivered in the house yesterday afternoon a short but beautiful eulogy on the dead soldier. He said:

"Mr. Speaker:—While I speak these words of tribute here the body of General Lawton lies in state at his town and mine, Fort Wayne, in northern Indiana, surrounded by his comrades of the Thirtieth Indiana and by friends and associates of many.

"Maj. Gen. Henry W. Lawton's name will remain in the archives of the nation to commemorate his heroic deeds and his fidelity as a soldier. He needs no encomium to preserve his fame save the plain, blunt facts of his service in the field. His life from early boyhood, when he enlisted at eighteen at Fort Wayne, till he laid it down on the field of battle, was a career of activity which fulfilled every requirement of a patriotic soldier. He won his spurs and places of honor in the army by active service on the field and never enjoyed the advantage and distinction that come to the college trained.

"He was a true type of that strong class commonly known as citizen soldiers—the volunteers. His prowess as a warrior was tested and proven by every mode of warfare. In the civil war from 1861 to 1865 against 'foemen worthy of his steel'—his own race—in wars with the Indians in the west, later with the Spanish and still later in the Philippines he displayed all the elements of a soldier. In private life he was modest and unassuming. General Lawton's nearly forty years' service in the army, his long service and activity made him one of the most deserving heroes of our country. All Indianians recommended him for a brigadier generalship in the regular army. He had won it and the president and senate were about to confer this distinguished honor upon him.

"This distinction, so prized by a commander, never reached General Lawton, but his name and fame will survive as if he had reached it. As a member of his lodge, as a son of one who fought with him in the Thirtieth Indiana, as a member of the American congress, I esteem it a special privilege and honor that the speaker and members here assembled turned from important public work to hear this tribute to Indiana's hero. No truer sentiment can be spoken of General Lawton, no better tribute can be paid him than to say he lived and died in the esteem of all his countrymen. The hearts of the volunteers were ever with him in his struggle up the obstructed stream of promotion in the army, made difficult by his not receiving a military college education. He was their idol and his heart was ever with the volunteers till it ceased to beat on the field of battle. No man was ever more popular with the volunteer soldiers than Maj. Gen. Henry W. Lawton."

Mr. Robinson was heard amid the closest silence and at the close of his remarks he was warmly congratulated

Mrs. L. W. Welker, of Albion, is in the city for a few days undergoing

LAWTON FUND FORWARDED

FORT WAYNE'S CONTRIBUTION WAS $255.

Captain W. F. Ranke Remits the Amount to Adjutant General Corbin, the Treasurer.

Fort Wayne's contribution to the Lawton home fund reached a total of $255, and that amount has been forwarded to Adjutant General Corbin, at Washington, by Capt. W. F. Ranke, who has been in charge of the collection of subscriptions in this city. While this amount is not so large as had been hoped for, it would doubtless have been much larger but for the fact that at the same time subscriptions were being taken for the Lawton monument and for the memorial exercises held on Monday.

To lift the mortgage upon the California home of General Lawton, and to provide Mrs. Lawton and the four children suitably for the future, the generous people of the United States have made up a fund that very nearly reaches $100,000, and it is into this fund that Fort Wayne's contribution goes. There was no further time for collection, as the subscriptions were to be closed before Mrs. Lawton reached Washington.

FIRST IN THE WORLD.

We Lead the Nations in the Drinking of Coffee.

We are the greatest coffee drinkers in the world. In 1897 we used 636,000,000 pounds more than was consumed by all the combined countries in Europe. We now use fully fifty pounds annually for each person in the United States.

During the last ten years we have paid out $875,000,000 or $87,000,000 per annum for coffee alone. The larger part of this money has been paid to Brazil. Thirty years ago there was not one pound of roasted coffee sold in this country where now there are forty.

In those days retail grocers bought and sold coffee in its green state, and each consumer roasted it for himself in an iron pot, over an ordinary fire. Of course it was impossible to obtain uniform results from such crude methods. There was one great advantage in this method, viz., that the coffee was fresh roasted and did not have time to lose the aroma and perfect strength by being exposed to the air. This is a feature of the coffee question to which too little attention has been paid. Roasted coffee loses in quality and aroma from the very moment it leaves the roaster. If it can be kept in a tightly-closed receptacle this is largely avoided.

There is a very famous brand of coffee now before the public called Lion Coffee, which has come into favor with consumers, not alone because of its purity and high quality, but by reason, doubtless, of the fact that immediately after roasting in the mills it is tightly closed in a sealed package, practically air proof. Thus the aroma is carefully preserved. All adulteration is impossible. No impurities can creep into the closed package and full weight is absolutely guaranteed. Without a word being spoken, the purchaser of a package of Lion Coffee has his guarantee of correct weight, uniform quality, absolute purity and unsurpassed aroma and strength at no extra cost. Everything is reduced to an exact system, and it is little wonder that Lion Coffee today is rapidly supplanting the old favorites of the last ten years.

It is truly a remarkable brand. Grown on the uplands, at a level of nearly 1,500 feet above the level of the sea, it is cultivated with great care and unceasing attention. Immense capital has been expended to develope this most famous of all coffees. Very recently the Lion Coffee mills at Toledo have been reinforced by very large mills, newly erected in Brooklyn, N. Y. The Brooklyn mills are equipped with every latest appliance for carrying on the business in the most scientific way. The purchaser of Lion Coffee may be assured that he is buying nothing but coffee, that it is of the highest grade, and that from the standpoint of economy he could not make a better choice. The preservation of its aroma and its wonderful natural strength combined, make it a most delicious beverage. A single pound makes forty cups. This is a record which very few other brands can attain. If our readers have never tried this really remarkable coffee we urge them to do so without a day's delay.

The souvenir hunter was much in evidence at the Lawton exercises on Monday, and tokens of remembrance of the distinguished party were eagerly sought. Ed Reed, the genial clerk at the New Aveline, did not get entirely lost in the hunt, and he now prizes a dollar worth by the dead general's young son, Manly C. Law-

KUCHER'S CHANGE

"TOPH" BECOMES NICKEL PLATE EMPLOYE.

WAS MR. LAW'S SECRETARY

TAKES SIMILAR POSITION WITH MR. GORHAM.

SECTION MEN HAVE MEETING

DISCUSS THE BEST METHODS OF MAINTAINING ROADBED.

Next Saturday evening T. J. Kucher, who ever since he was a lad has been in the employ of the Pennsylvania company, severs his connection with that concern and the following Monday he will become an employe of the Nickel Plate. "Toph," as his intimate friends call Mr. Kucher, has been Mr. C. D. Law's private secretary for several months and those duties kept him at Pittsburg most of the time, Mr. Law's quarters being in that city. He does not like that city and it is believed that he makes the change in employers simply that he may be in Fort Wayne, where his mother, sisters and brothers reside. What changes, if any, in Mr. Gorham's office will result from the foregoing addition is not known at present. Neither is the name of the successor of Mr. Kucher in the employ of the Pennsylvania company known.

THE SICK LIST.

George Ebner, wreck foreman of the Pittsburg, is off duty on account of the serious condition of his son, Jacob, whose misfortune was mentioned in these columns yesterday. Other Pittsburg shopmen who are off duty on account of sickness are V. Berger, L. Gronau, James Roche, Joseph Junk, James Carto, William Rodenbeck, John White and Jacob Kensill.

NOT AFFECTED BY ORDER.

The Pennsylvania company ticket agents are not affected by the order abolishing commission, as they have been denied that privilege ever since 1890, when the Chicago and Alton boycott was in force. At that time the order that no agent should receive a commission was issued and it is still in force. Then J. N. McCullough, the vice president of the Pennsylvania lines west, authorized Mr. Ford to ascertain from every ticket agent the amount of commissions he had been receiving, and to adjust the salaries, as far as practicable, on a basis that would make the salaries of the ticket agents about the same.

MEETING OF SECTION MEN.

On call of Supervisor C. Schineman, the eighteen section foremen employed on the Pittsburg, Fort Wayne and Chicago road between Lima and Crestline met at Upper Sandusky last Saturday morning and were in session during the entire day. They thoroughly discussed section work in all its phases and exchanged ideas upon the subject to the mutual advancement of all. The good results of the meeting will be evidenced later in the season by improvements in the road bed between Lima and Crestline, if a perfect track can be improved any.

RELIEF TAKES A BOOM.

Dr. J. H. Haynie, of Columbus, assistant to Dr. J. M. Kells, arrived in the city last night and will remain here a few days and assist Dr. E. F. Wagner in examining a number of applicants for membership to the Pennsylvania Voluntary Relief association. The association has taken on a boom and the applicants are coming too fast for one doctor to examine them and perform his other duties.

PRETTY GOOD RUN.

The Lawton funeral party made good time last evening in the trip from this city to Indianapolis. The ninety-three miles to Richmond, including all the stops, was covered in two hours and nineteen minutes. At the latter city the train stopped twenty minutes for supper and then sped on, arriving at Indianapolis at 9:10, five minutes ahead of schedule time. The train left this city at 5 o'clock. It was in charge of Conductor James Hayes, Engineer T. J. Cushing, Fireman L. Metzner and Brakeman Ed Holzworth.

WELLS IS HONORED.

W. S. Wells, the well known machinist in the Pittsburg shops, has been honored by the grand lodge of the Royal League, which opened a session at the English hotel in Indianapolis yesterday afternoon. Mr. Wells is at the head of the council in this city and his good work here brought him prominently to the notice of the members of the order elsewhere, and to show their appreciation of his services they elected him to the highest office in the grand lodge, grand archon. The other men honored by office were: Frank Hansen, of Hammond, past archon; E. S. R. Seguin, of Indianapolis, vice-archon; Charles Darling, of Indianapolis, scribe; Edwin S. Gilbert, of East Chicago, treasurer; G. L. Miller, of Lafayette, orator; Charles Darling, delegate to the supreme council; alternate, Frank Hansen. Most all of these gentlemen were here to attend a banquet given by the local council a few weeks ago.

ON A SORROWFUL MISSION.

N. J. Eichhorn, chief clerk for Master Mechanic G. S. McKee, of the Wabash, left this morning for Kansas City, where his brother is lying in a hospital, very ill with typhoid fever. The unwelcome news was brought this morning by a telegram and Mr. Eichhorn immediately prepared for the journey. The sick man was here a few weeks ago, en route home from Cleveland, where he attended the funeral of a brother who had died very suddenly.

NOMINATED OFFICERS.

The local branch of the Brotherhood of Locomotive Engineers nominated officers at its meeting Sunday, as announced in The Sentinel they would. The offices of chief engineer, first assistant engineer, alternate delegate and secretary and treasurer of insurance have only one aspirant each and nomination in their cases is equivalent to election. The persons named for these offices are M. G. Fingle, Marion Teagarden, D. F. McFee and Marion Teagarden in the order named. The election occurs one month later.

FELL OFF HIS ENGINE.

J. T. Fox, Nickel Plate fireman, is nursing a bruised head and will be off duty a few days. The injury was received by a fall from his engine while out on the road. It is not serious.

INDUSTRIAL NOTES.

The Wabash has asked for bids on 3,000 box and 1,500 coal cars.

Nickel Plate Conductor David Watterson is taking a few days' rest.

C. F. Scott, Nickel Plate brakeman, is sick and unable to work.

Supt. C. D. Gorham, of the Nickel Plate, is in Cleveland on railway business.

Conductor Thomas Seaney, who was taking a brief rest, reported for duty on the Nickel Plate yesterday.

W. Baker has been appointed traveling freight agent of the Kansas City, Fort Scott and Memphis.

After a two weeks' illness, Engineer B. Baughman has resumed his place in the cab on the Nickel Plate.

George Johnson is confined to his home, 90 West Butler street, by illness. Mr. Johnson is a Pittsburg shopman.

E. S. Jenkins, a former route agent in central Indiana, has taken the agency of the Adams Express company at Kansas City.

Yard Conductor Charles Bigelow, of the Pittsburg warehouse engine, is taking a brief vacation to look after some private matters.

Alex. Tavenau, switchman on the Pittsburg transfer engine, has taken a lay off of a few days to attend to some private business.

Eugene McCann, axle inspector for the Wabash, has returned from Carthage, Ohio, where he examined a number of car and locomotive axles.

The foundry of C. H. Lawton, in Wabash, was visited by burglars Sunday night and tools, brass, etc., to the value of $300 were carried away.

W. H. Newman, president of the Lake Shore and the Lake Erie and Western, immediately on his return from Texas was called to New York on official business.

Employes of the Canadian Pacific railroad all over the system have subscribed a half day's pay to the patriotic fund of Great Britain, amounting to $20,000.

Theodore Bandeau and Henry Horstman have returned from Peru, where they spent three days in doing some work for the Wabash company. They are boilermakers.

Charles Comparet, traveling salesman for S. F. Bowser & Co., whose territory is in Pennsylvania, is in the city to attend the funeral of his late son-in-law, Will Conover.

Cashier J. D. Sunderland again greets callers at the cashier's desk in the Wabash freight office, having recovered from an attack of pneumonia of three weeks duration.

George W. Stevens, president of the Chesapeake and Ohio, has assured the department heads that there will be no wholesale discharges with his taking the presidency of the road.

The boilers in the St. Mary's pumping station, of the Pennsylvania company, are being repaired, several boilermakers from the shops having been detailed upon that work.

The Bowser Oil Tank works are closed this afternoon to give the employes an opportunity to attend the funeral of the late Will Conover, who was a bookkeeper in the Bowser offices.

William Ryan, of the foundry department of the Kerr Murray works, is sick and off duty.

D. C. Potts, who was detained at home a few days by the illness of his wife, resumed work on the Nickel Plate yesterday.

Ed Alway, Nickel Plate car repairer, is off duty on account of sickness, which has developed a mild attack of la grippe.

Engineer T. E. Short, who had an arm injured two or three weeks ago, has recovered and is again at work on the Nickel Plate.

Brakemen W. C. Reffelts and W. Green have reported for work on the Nickel Plate. Both had been sick, the latter two weeks.

Nickel Plate Brakeman J. C. Stewart, who had the misfortune to lose a child by death, resumed his duties on the road yesterday.

Julius Schwabe, who recently resigned a position at the Bass works, has taken a position with the Kerr Murray works. He is a pattern maker.

EXTRAORDINARY MERIT

Of a New Catarrh Cure.

Physicians are slow to take up new and untried remedies, until their value has been established by actual experiment and they are naturally skeptical of the many new preparations constantly appearing and for which extravagant claims are made.

The most liberal and enlightened physicians are always ready, however, to make a fair trial of any new specific and get at its true medical value.

A new preparation for the cure of catarrh has attracted much attention in the past few months and has met with great favor from the medical profession not only because it is remarkably successful in the cure of catarrh, but also because it is not a secret patent medicine; anyone using it knows just what he is taking into his system.

It is composed of Sanguinaria, which acts on the blood and mucous membrane; Hydrastin for same purpose to clear the mucus from head and throat, and Eucalyptol and Guaiacol to destroy catarrhal germs in the blood.

All of these antiseptic remedies are combined in the form of a pleasant tasting tablet or lozenge, and are sold by druggists under name of Stuart's Catarrh Tablets, and many recent tests in chronic catarrh cases have established its merit beyond question.

Dr. Sebring states that he has discarded inhalers, sprays and washes and depends entirely upon Stuart's Catarrh Tablets in treating nasal catarrh. He says: "I have had patients who had lost the sense of smell entirely and whose hearing was also impaired from nasal catarrh recover completely after a few weeks' use of Stuart's Catarrh Tablets. I have been equally successful with the remedy in catarrh of the throat and catarrh of stomach. I can only explain it on the principle that catarrh is a constitutional disease and that the antiseptic properties in these tablets drives the catarrhal poison completely out of the system."

Dr. Odell says: "I have cured many cases of catarrh of stomach in past four months by the use of Stuart's Catarrh Tablets alone without the use of any other remedy and without dieting. The Tablets are especially useful in nasal catarrh and catarrh of the throat, cleaning the membranes and overcoming the continual hawking, coughing and expectorating, so disgusting and annoying to catarrh sufferers."

All druggists sell Stuart's Catarrh Tablets at 50 cts. for full sized package, and a little book on cause and cure of catarrh will be mailed free by addressing F. A. Stuart Co., Marshall, Mich.

MEMORIAL PICTURES

C. W. MINER OBTAINS A FINE SERIES OF VIEWS OF THE LAWTON PARADE—ON EXHIBITION AT HIS STUDIO, 25 W. WAYNE STREET.

C. W. Miner, proprietor of the Miner studio, 25 West Wayne street, yesterday succeeded in getting a fine series of pictures of the Lawton parade. Mr. Miner also has pictures of the corridor of the court house decorated ready to receive the casket containing the remains of General Lawton. He also has pictures of the body lying in state, with the guards stationed around. Another very fine picture is the one taken in front of the court house of the survivors of General Lawton's old Indiana company. In the foreground stands Mr. Thomas Toomy holding the shot-riddled battle flag of the company. In all the pictures the faces of people you know are plainly distinguishable. The one of the body lying in state is especially fine. In the guard of honor are veterans who marched and fought with Lawton during the rebellion, as well as veterans of the Spanish-American war, and the picture is an excellent likeness of each. Mr. Miner is finishing a large number of each of these pictures and is fully prepared to meet the great demand that will be made on him for them. Copies of all are now on exhibition at his studio, No. 25 West Wayne street. Mr. Miner will take pleasure in exhibiting them to all who may call and will fill all orders promptly at lowest prices consistent with good work.

MANY DISAPPOINTED.

A large number of farmers came to Fort Wayne today to attend the Lawton memorial exercises, and the unforseen change in the date of that event has resulted in much disappointment to those who live some distance from the city and did not learn of the change. Up to Saturday evening every member of the committee believed the exercises would be held on Tuesday, and arrangements were going forward under that presumption. The fact that General Shafter's train made much better time than was expected had debarred many friends of the dead general from participating in the exercises in his honor, for there was no means of reaching everybody with a notification of the change of date. A well-known farmer said this morning that had it been possible to adhere to the original proposition to hold the exercises today, at least three thousand farmers would have been present.

NEW MANAGER CHOSEN.

Ed. J. Ehrman, councilman from the First ward, has been appointed manager of the Postal Telegraph and Fort Wayne District Telegraph office in this city, to succeed Manager Wagoner, who has resigned to go to Detroit for the District company. Mr. Ehrman is now in the Postal offices familiarizing himself with the work, and the change will occur about February 15.
